anthonymiceu71@gmail.com | 647-828-2980 | Markham, ON | <https://github.com/VineFortuna>

Computer Science student (B.S., Fall 2026) with strong Java skills and experience building and maintaining production Minecraft server plugins and mobile apps. Seeking internship opportunities in computer science and software development, with an open interest in a wide range of technical roles.

SKILLS:

Java, JavaScript, C, C++, Python, Web Dev, Flutter, SQL (PostgreSQL), HTML/CSS, Debugging, SQLite, Git/GitHub, Agile, AWS, Scrum, TypeScript, Powershell, Virtual Machines, Data Structures, Software Development, Mobile Development, Application Development, Time-Series Data Analysis, Data Modeling, Technical Documentation, Quality Assurance, ChatGPT, Claude, OpenAI, Microsoft Word, Microsoft Excel, Linux, Docker, Bash, Automated Testing, MongoDB, React, Unit Testing

EDUCATION:

Ontario Tech University – B.S. Computer Science
Fall 2022 – present

Expected Graduation: Winter 2027
GPA: 3.57/4.25

PROJECTS:

Game Developer – Minecraft Server

github.com/VineFortuna/MinezoneCore | 2020 – present

- Led the development and maintenance of a large-scale Minecraft server by developing and maintaining Java Spigot/Bukkit plugins (commands, event listeners, permissions, config files) and shipping features through Git/GitHub.
- Gained fluency in Java through hands-on development, collaborating with team members to enhance server functionality and performance.
- Actively monitored and resolved player-reported bugs, ensuring a smooth and polished gaming experience while applying problem-solving skills.

LifeGoals Mobile App:

github.com/Prabhdeep-AI/Mobile-Devices-Project | September 2025 - December 2025

- Built a Flutter goal/habit tracker in a University class with a multi-screen UX and progress tracking dashboard.
- Designed offline-first storage using SQLite (sqflite) for app data and SharedPreferences for user settings (profile/theme).
- Integrated scheduled local notifications (flutter_local_notifications + timezone) and ensured reminders persist by restoring schedules on launch.

WORK EXPERIENCE:

Part-Time Associate – Grocery Store 2019 – present

- Assisted customers with inquiries and resolved issues, demonstrating strong communication and problem-solving skills in a fast-paced environment
- Balanced part-time work with university studies, showcasing effective time management
